

# Ladakh Relief Contributors 2010 - 2011

**“We have to be involved in our own recovery and lead the reconstruction process.”**

a Ladakhi MP at a meeting of international aid agencies

There is no way I can express my gratitude, nor articulate what your contributions meant to thousands of people in our remote villages and through district-wide projects you’ve supported.

Please know that our gratitude is not just for your help in reconstruction, but that this was help that supported our move from victim to survivor by allowing us to maintain control of the process.

Again and again, when in the villages, people said to me “They didn’t even ask if we needed this.” and “You’re here. The bridge is gone. The path is gone. No one else comes. But you (HEALTH Inc.) are here.

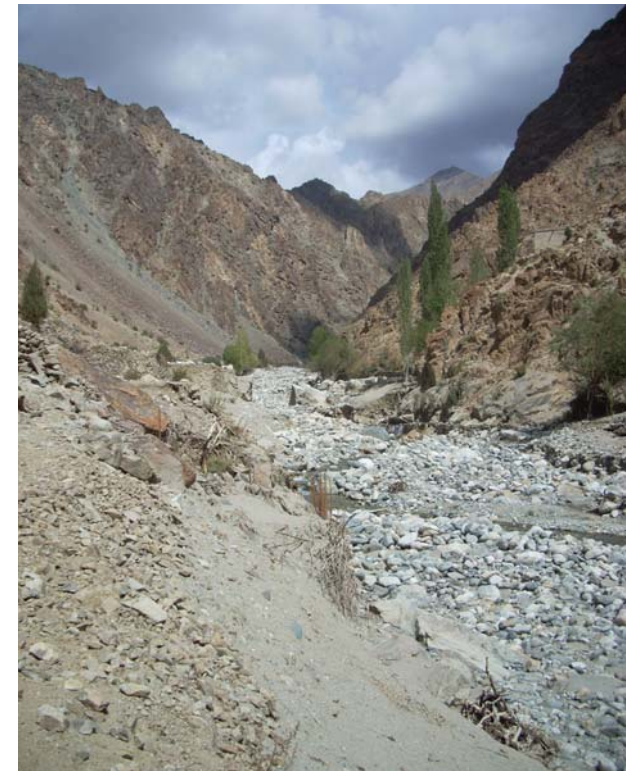

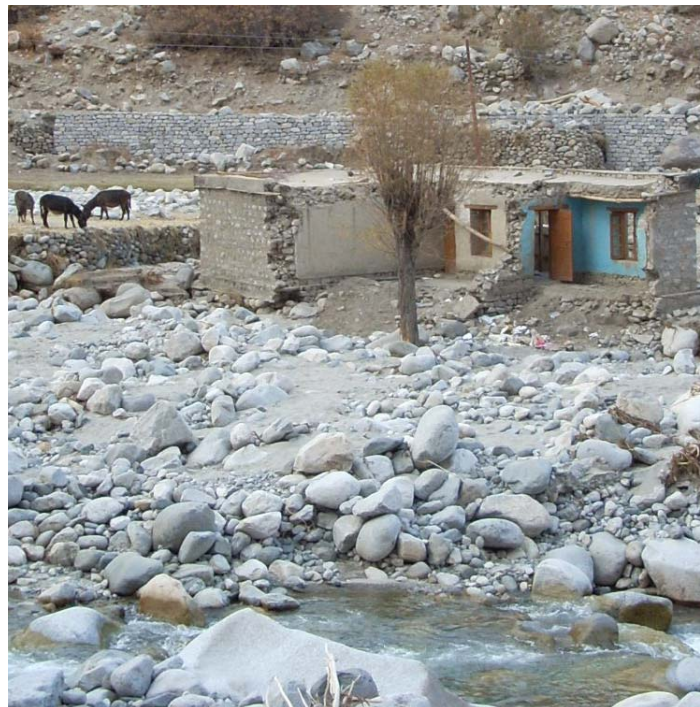

Thank you, thank you for your caring and your support.

Cynthia, President Geylong Phandey, Ajung Rinchen,  
Members Dr. Ghulam, Dr. Iqbal, Norboo, Rinchen, Stanzin  
and project managers in 14 villages.
